ABOUT TEST STRUCTURE

Type	Multiple Choices with 4 options per question
Mode	Online Test
Duration	1 hour
Marking Scheme	+1 for every correct answer There is no negative marking
Pattern	Section 1 - General Aptitude Test Verbal and Quantitative 40 questions 60 minutes Section 2 - Technical Aptitude Test Statistics and Probability Data Interpretation 30 questions 60 minutes
Restrictions	There is overall time restriction of 2 hours Once a section is completed and submitted, the students cannot go back to that section.
Results	A mail will be sent to the student about test results within 5 days of giving the assessment.

SECTION 1 - General Aptitude (60 min)

Verbal Aptitude

Critical Reasoning Error Correction Reading Comprehension	10 Questions
---	--------------

Quantitative Aptitude

Averages Mixtures Fractions Height and Distance LCM and HCF	20 Questions
--	--------------

Number System Partnership, Percentages Permutation and Combination	
--	--

Reasoning

Decision Making Direction and Senses Input and Output Logical Deductions Logical Problems Series, Puzzles Statements and Arguments Syllogism, Symbols and Notations	10 Questions
--	--------------

SECTION 2 - Aptitude for Pre-requisites (60 min)

Statistics and Probability

Mean, Median and Mode Variance and Standard Deviation Probability of an event Probability using Union and Intersection of events	15 Questions
---	--------------

Data Interpretation

Bar Graph Line Chart Tabular Form Pie Chart Missing Data Interpretation	15 Questions
---	--------------

RESULTS

You will be receiving the results via email and mobile within a week after you give the test.
